OK. Understood. For the EPA/DEP-only call, I think a 1-hr call on the is fine if DEP is in general agreement with our comments and intends to push back on AVX and require selection of Alternative OU3B-3 for groundwater combined with any other elements needed to address DNAPL and possible additional removal to address City concerns. However, if this is not the case and DEP expects to accept the Phase III and the proposed remedies, I think we should schedule at least 2 hours for the EPA/DEP-only discussion and it may be worth meeting face-to-face as well so we can more effectively talk through the issues. Can you give me a preview of DEP's position on the Phase III so I can weigh whether the 1hr EPA/DEP-only call is going to meet our needs? Thanks so much.

Ginny,

Thanks for catching this. It had been a very long day, and I somehow thought I included Marilyn (I had included John Waites from AVX but not Marilyn). I forwarded her the invitation just now.

As you suspected, November 18<sup>th</sup> is the "big" meeting for all of us to discuss the Phase III (the City, EPA, MassDEP, AVX, Brown and Caldwell).

Thank you!

Angela-

Seeking clarification. I got your invite for 1-hr call for DEP and EPA only for 11/9 and then got your invite for face-to-face on 11/18 for 3 hr to include EPA, DEP and City. Are we going to proceed with these to seek a consensus position between EPA, DEP and City? I am OK with that thinking if that is the case. Just trying to confirm since this is not what we had discussed the other day. Or is AVX invited to meeting on 11/18 but just wasn't shown on your 11/18 invite?
